

COVID19 Coronavirus Disease Statement - March 17, 2020

For the safety of our citizens, the Perquimans County Senior Center will be closed to the public effective immediately through the end of March. This closure may be extended depending upon the progression of the COVID-19 virus. Meals on Wheels will continue and curb side food service for seniors will be offered in lieu of congregate meals. Call 426-5404 for more information related to senior nutrition programs.

Also, all Recreation Center activities, including scheduled games, are delayed until after the end of March. Again, this may be extended depending upon the virus.

All other Counties offices will remain open, but we encourage our citizens to conduct business with us via telephone or electronically if possible. The County will continue to post updates on this and the Perquimans Emergency Services Facebook pages.
